EDUCATION

Success in life begins with a quality education, and yet, millions of children and youth lack the support they need to strengthen their literacy, stay on track in school, graduate high school and find a career. With your support, we're fighting to shift the odds so tomorrow's leaders can build a better foundation today.

FINANCIAL STABILITY

UWCK is dedicated to developing lasting solutions to help area families overcome financial obstacles. United Way is available to help build skills and attain the education needed to get, keep, and advance in a good job.

HEALTH & BASIC NEEDS

When individuals are unable to meet their immediate needs, it is more difficult to focus on long-term goals. United Way recognizes that basic needs services are essential to our communities facing barriers.
